Clark County Comprehensive Plan 2016 Update

Planning for growth 2015 – 2035

Board of County Commission

2014 Calendar Request

Purpose

The Washington State Growth Management Act (GMA) requires cities and counties to conduct outreach to ensure “early and continuous public participation” in developing and amending comprehensive plans and development regulations (RCW 36.70A.140). The GMA also requires that local programs clearly identify schedules and procedures for public participation in the periodic update process (RCW 36.70.A.130(2)(a)). As part of the recently adopted Public Participation Plan, providing the public with timely, consistent, and informative meetings enhances the opportunity for community input.

Background

Clark County and its cities are required to periodically review and update their comprehensive plans and development regulations. The Washington State Growth Management Act (GMA) requires that counties and cities complete such a review at least every eight years (RCW 36.70A.130). Clark County adopted comprehensive plans in 1994, 2004, and 2007. The 2007 update covers the time period 2004-2024. At that time, 2014 was the deadline for completing the next update. However, due to the recent economic downturn, the State Legislature adopted a revised schedule extending the deadline for completion of Clark County’s update to June 30, 2016.

Board of Clark County Commissioner 2014 Calendar

Community Planning is requesting BOCC worksessions once a month during 2014. The following is a draft calendar.
