Subject: Rural Industrial Land Bank Update

An open house is planned for Wednesday, July 29, 2015, at the CASEE Center, 11104 NE 149th Street, Brush Prairie, from 5:30-7:00 p.m.

Information to be presented at the open house will include:

additional information about the application site, additional information about the programmatic environmental review, and a new draft of proposed site development regulations that would apply to any development occurring in the land bank. The draft development regulations can be found here. Overall, what is proposed is a rural industrial land bank overlay, to distinguish the land bank from other properties with light industrial zoning. Enclosed is the link to our webpage:
