Subject: Proponent of Alternative 4

Hello Mark

I would like to inform you that Community Planning staff will not be the proponent of Alternative 4. Alternative 4 should be as proposed by CCCU and for the Board of County Council to approve or direct that "it" be included in the SEPA analysis. Our goal should be to re-start the SEPA evaluation process. Please, if you have questions call or let me know. Thank you sir in advance.

Best Regards,

Oliver
