Re: Comprehensive Growth Plan Update

To whom it may concern,

We own 40 acres just North of Battle Ground on 259th Street (acct. #226267000). We have owned this property since 1961. We would prefer our Ag-20 zoning be reduced to no greater than 5 acre zoning, and would prefer less. Many of our adjacent neighbors are living on 2 ½ and 5 acre lots, and we all have access to PUD water. The other large parcel to our East would also prefer 5 acre zoning or less.

We thank you for your hard and dedicated work on this matter. Please be fair to the larger land owners and allow them to receive zoning which is reflective of their neighbors.

Sincerely yours,

Chester and Emily Sarkinen
