**Sent:** Friday, August 07, 2015 11:05 AM  
**To:** Anderson, Colete  
**Subject:** Land Use Forum: August 31st 6-8

**What:** Land Use Forum: Food, water, jobs and litigation in the Comprehensive Plan Update Process

**When:** August 31, 2015; 6 to 8 p.m.

**Where:** Downtown Vancouver Library, Columbia Room, 901 C St Vancouver, WA

Hosted by Clark County Food System Council, the goal of the event is to review the Draft Supplemental Environmental Impact Statement (SEIS) as a community and provide opportunities for participation in the development of the Preferred Alternative for the Comprehensive Plan. We will have speakers focusing on four topics: food, jobs, water resources, and litigation. After the presentations, we will move to an "open house" format where community and public sector entities will have tables and provide information about their organizations and positions on the alternatives of the Comprehensive Plan. Attendees will have opportunities to write and submit their comment on the alternatives.

**Schedule:**

6-7:15 Presenters and questions

7:15-8 Open House - Community and public sector entities will have tables and representatives to discuss their requests for the Comprehensive Plan update.

An after-party of small plates highlighting Clark County Grown ingredients will be hosted at Niche Wine Bar and Angst Gallery. Food will be served beginning at 7:30 pm.

Thank you.

Garrett Hoyt, Chair  
Clark County Food System Council
