Great company today for Alternative-4:

A very interested group of rural citizens met together this evening at the oldest Grange in Washington State in La Center. I was pleasantly surprised to see my favorite legislator, Liz Pike, join us along with our next governor, Bill Bryant.

Thanks to Greg and Rose Smith for organizing the informal time of citizen participation to engage in the plan to restore private property rights to our rural citizens. Carol Levanen and Susan Rasmussen for Clark County Citizens United and 1000 Friends of Clark County took turns sharing.

This valuable time provided important citizen feedback to help us to listen and make our Comprehensive Growth Plan better.

Thank God! Yea Clark County!
