CCC 40 540 020 land divisions.docx

This revision includes an exception to short platting for a 5 acre parcel. A change from the current 20 acre RCW 58 17 040 exempts to 5 acres <http://app.leg.wa.gov/rcw/default.aspx?cite=58.17.040>

It also includes a revision to include an exception for lands dedicated to the county for parks or the legacy land program.

The LL plat exception lists other counties with this type of exception language. I have more information coming from Peirce county on how this works up there.
