**NOTICE OF PUBLIC HEARING
CLARK COUNTY PLANNING COMMISSION**
NOTICE IS HEREBY GIVEN that the Clark County Planning Commission will conduct a public hearing on **THURSDAY, October 15, 2015**, at 6:30 p.m., at the Clark County Public Service Center, 1300 Franklin, Vancouver, WA, to consider the following:

CLARK COUNTY STORMWATER MANUAL AND CODE UPDATE

The Planning Commission will consider the proposed update to the Clark County Stormwater Manual (CCSWM) and related codes for stormwater management. Clark County's Phase 1 Municipal Stormwater Permit, issued under the National Pollution Discharge Elimination System of the Federal Clean Water Act, requires the county to update its manual and related code to be equivalent to the state's 2014 Stormwater Management Manual for Western Washington. The proposal would repeal Chapter 40.385 Clark County Code (CCC) and replace it with a new Chapter 40.386 CCC. Chapter 40.386 would adopt by reference the new CCSWM. The other stormwater regulation changes would update the Water Quality Code, Chapter 13.26A CCC, to harmonize with the new stormwater manual, and would also remove outdated language. Other proposed code updates to Title 40 would include references to the new manual and remove barriers to fully utilizing Low Impact Development (LID) techniques where feasible. The state Department of Ecology requires that Clark County's updates and revisions become effective by January 8, 2015.
