Subject: Urban Hold Overlay Fairgrounds Sub-Area

I am a landholder in the Fairgrounds area. I do not understand what the Urban Hold overlay means regarding development of lands in the Fairground subarea? Will the 179th/15 interchange improvements occur? Will this improvement open areas west of 15 for development at some future date? What must occur for the Urban Hold to be taken off??? thank you for any input you might have. .tim funk enterprise, oregon
