**Subject:** Update to Clark Co Comprehensive Plan  
**Message:** Dear Councillor Stewart:

I am writing to express my strong opposition to Alt 4 or any of its several variants. Alt-4 was poorly researched, is contrary to all the principles of comprehensive planning, and was overwhelmingly rejected by Clark Co's Planning Commissioners. The adoption of Alt-4 will inevitably and unnecessarily result in the need for additional infrastructure and urban services. Those who benefit most from Alt-4's 'leapfrog' type expansion are unable or unwilling to pay the costs of service extensions and so, inevitably, those costs will be passed onto the taxpayers of the already developed portions of the County.

The additional costs to county taxpayers as a result of Alt-4's adoption has been poorly researched and remains unknown. I sincerely hope you'll support the conclusions of our County's Planning Commission and reject Alt-4. Alternatively, the vote should be delayed until our new councillors are seated.
