Hello Helen

Thank you for your email. Staff will add it to our record of index as part of the 2016 comp plan public comment record. The Councilors made no decisions yet on the adopted updated 2016 land use plan, so it is too early to know what they will do or what the zoning of your property would be. So stay engaged and follow the planning process. If I can be of any assistance, don't hesitate to contact the Community Planning Department at www.communityplanning@clark.wa.gov. Thank you.

Best Regards,

Oliver

Subject: Property rights

We bought our 75ac farm in 1979, ran it as a dairy, then a beef/hay farm since our intent was it would be a retirement account. For us, the zoning was 5ac in 1979. We never asked or wanted it put into bigger parcels, which is what happened. How would the powers that be like it if someone said "your retirement account is way too big, we're going to take part of it"?
Thank you Helen Baldwin
