Those were editing errors and we will make sure that those changes are made for the final version.

Thank you

Hi Laurie,

I was able to find a link to the Thursday Comp Plan documents that I think are going before the Planning commission (not sure?? can you confirm)...

Attached are pages 20-25 which represent the schools section. Thank you for making the changes I noted in the VPS sections on page 23.

I wonder if you can revisit Table E.20 as you have a mix of number of public schools in this section - almost as if it is pulling from another part of the comp plan. For example, VPS does not have 67 High Schools and Sue in Evergreen must be overwhelmed with 2022 elementary schools :-)

I've just scanned through some of the other sections and will recheck figures and numbers from my CFP later today - but wanted to give you a heads up so you can change this data.
