Hello Sonja

The attached preliminary RTC checklist review was submitted to RTAC on May 20, 2016. The checklist is from RTC's GMA Certification Process Guide, attached. Clark County's draft Comprehensive Growth Management Plan was submitted to Washington State Department of Commerce.

Clark County's 2016 comp plan draft appears to be consistent with RTC's Regional Transportation Plan (RTP) 2014. During the upcoming deliberations, changes to the draft transportation policies could affect the ability for the county to meet mandated consistency requirements with the RTP. Local transportation elements, that are certified by the RTPO, are eligible for state and federal transportation funding.

Perhaps, this checklist can be shared with the Planning Commission and the Board of Clark County Councilors as an FYI?
