**Subject:** CLARK COUNTY COMPREHENSIVE PLAN UPDATE

The Clark County Board of Commissioners will hold a hearing on **Tuesday, April 1 at 6:00 p.m.**

The next step in updating the local Comprehensive Growth Management Plan is for the Board of County Commissioners to adopt a new jobs target for 2015-2035. County planners will use the target approved by the Board to evaluate the supply of land designated for non-residential uses and potential need for adjustments. Counties have flexibility in establishing employment forecasts. However, new work sites and expansion of existing business are key factors in establishing cost-effective plans for capital improvements, including roads.

Links to the information and presentations for April 1 can be found on the Board's webpage at:

The Planning Commission will have a worksession on Thursday, April 3 at 5:30 p.m. and will review:

- Stormwater changes
- Vacant Buildable Lands overview
- Comp Plan: Housing Policy (Chapter 6)
- Comp Plan: Public Facilities (Chapter 7)

Links to the information and the presentations can be found on the Planning Commission's webpage at:

Worksessions are a time for presentations by staff and questions from the Planning Commission and do not have a time for public testimony on the agenda.
