Subject: 2014 VBLM Review

Hello Everyone:

As many of you are aware the [2014 Vacant Buildable Lands Model \(VBLM\)](#) results are available for review on the County's web site. This site includes yield reports and pdf maps by UGA and a link to the interactive comprehensive plan map viewer. The map viewer allows you to navigate around the map, turn map layers on and off, and identify features. You also have the ability to compare models over time with the time lapse or before and after slider tools.

We would like to give you the opportunity to review the 2014 model results for your jurisdiction and provide any feedback you may have. You can send your comments to me by April 30th.

Please let me know if you have any questions.

Thanks,

Ken Pearrow
