Subject: Surface Mining Overlay

A CCCU representative was unable to attend the commissioner hearing regarding the mining overlay. There is no audio noted on the Grid and it takes too long to download the video. Commissioner Madore's facebook page mentions the Livingston Mt. overlay, but not the others. What happened to the Kelly Hill overlay? I thought the planning commission recommended not to extend the mining overlay in that area, also. Please let me know what the commissioners decided. Thanks!

Best Regards,
