**Subject:** Alt. 4 open houses

**Comments:**

The two scheduled open houses to present alternative 4, regarding increased rural options and updates, should have a third open house held in Battle Ground, La Center, or the Amboy areas. This plan discusses rural issues and needs to have open houses readily accessible to rural citizens in rural communities. The planners haven't conducted any open houses in the northern regions of the county. This places a burden on those citizens to have to travel great distances to attend a meeting over issues that concern their lands, The addresses of the two locations aren't even included in the posting here. They aren't even posted on the first page as a bullet point. Poor public outreach regarding rural issues.
