Dear Colleagues:

I would like to sincerely thank many of you that attended the Open house yesterday in Ridgefield. It was well attended. The discussion was on Alternative 4 which have seen on the councilors "grid". Our focus now is on what need to be decided next. In order words, the selection of alternatives for study in the environmental impact statement. Remember we have one more open house on April 1, 2015 at the Hockinson High School. I hope to see you all there.

I also wanted to use this opportunity to inform you that the Councilors office posted another version of a proposed Agriculture and Forest maps for the April 1, open house today. It appears that Agriculture "Option A" as proposed would add more AG-5 and perhaps AG-10 than the version shown yesterday to the public. The Forest "Option A" also posted today increased FR-10 and FR-20. It reduced FR-40 and FR-80 in some areas when compared to the March 25 maps.

Please. visit the Councilors grid and view options A of Agriculture and Forest. Let me know if you have questions.

Again, thank you for your support and collaboration. Have a great weekend.

Best - Oliver
