Comment:

*Farm land, urban farm land, is important to the health and welfare of our community; unspoiled farm land should never be used for industrial parks. I am very much in favor of the use of industrial parks but the placement should be on land that will never be used, could never be used, for food production. The Ports of Vancouver and Ridgefield, sites like the former Albatross location on Padden, and other somewhat aging and little used strip malls should be considered where feasible. Those areas will never again be farm land.*
