I am for Alternative 4 in regard to Comprehensive Growth Management Planning

I have lived in Clark Co. for 38 years and taught school most of that time. In those years I heard little or nothing about growth management. I understand that some aerial photographs were taken of rural properties, and then officials made snap-judgments as to the size each parcel of land should be without taking into consideration that many families had been living on their land for 50 yrs or more. This caused some of these families to be out of compliance with the County growth plan. I am for Alternative 4 because it will help all landowners to be in compliance with the new growth plan.
