**Comments:**

I am in favor of approving option 3 of the Growth plan which would allow my sibling and I to both build/live on some property owned by my parents in Ridgefield. It was originally land that was owned and farmed by my Great-Grandparent's, John and Rosa Roth and has been passed down through my Grandmother to my Mother. It would be a dream come true to be able to build on a 1 acre piece of my parent's 23 acre parcel and have my brother and his family do the same. We want to have a close family relationship and be able to live close together on the land that has been in the family many years. I think this option if good for our family and also good for the County because property tax will go up and this plan doesn't allow for a huge change in our neighborhood. It will still be rural and un-crowded.
