RE: Tax Parcel #173850000

Dear Mr. Euler and Clark County Commissioners

In response to the attached letter received by us on November 9, 2013 we are requesting updating our zoning to the original zoning of 5 acre rural residential as was the zoning when we purchased the parcel in 1978. Currently we are surrounded by 1-5 acre residential parcels.

Clark County no longer is a viable location to farm large scale agriculture and make a living wage. This was to be our retirement fund.

We have included other like properties that have been rezoned from Ag 20 in the past few years to 5 acre parcels and smaller with numerous uses.

Sincerely,

Larry and Helen Baldwin
