Hello All,

Just FYI. According to Ms. Chris Cook, the Growth Board has issued a compliance order holding that the City's revisions to its comprehensive plan policies related to extension of sewer to the Cowlitz land have not brought it into compliance with GMA. Specifically, City Policy 4.2.3(b) remains inconsistent with County Planning Policy 6.3.8 and Countywide Planning Policy 1.1.12 because the City Policy allows extension of the sewer outside the UGB, and the county's policies prohibit extension.

I do not have a copy of the ruling yet. Please let me know if you have questions.

Best - Oliver
