

Clark County Planning Committee

To whom it may concern:

Upon looking at the possible map for alternative plan 4, it appears that my Parcel of land on which I live is going to be surrounded on three sides by one acre lots. If this is the case, I would like to request that my parcel (191076000) also be included in this one acre plan. Since this is a possible 20 year plan, it seems only consistent that this parcel be designated as such.

Sincerely\

George R and Carol M. Snyder
