Well I certainly think Alternative four is not a good choice at all It would certainly create rural sprawl This is not a viable alternative in any way, shape, or form There is not enough Infostructure to support it Property owners may think they want it, but wait until it happens and see who the first people to complain are You like your peace and wide open space don't you? that will be all gone people Really a bad bad idea

Table the entire Plan until a THOROUGH study has been done on long term effects of URBAN SPRAWL in rural Clark County (Environmental is only a small part of the total effect on the land and resources!)

Name not shown inside Clark County (on forum)

Alt 4 should be tossed It was drafted by a non-union employee which is in violation of contracts Otherwise Alt 2 appears to have a good balance and the biggest concern we have is ground watr protection of small personal wells due to sprawl
