Dear Board of Clark County Commissioners,  
I want Clark County to be farmer friendly and have policies that help increase the amount of Clark County grown food.

I do not support Alt 2 or Alt 4's removing AG-20 or the creation of R-1 and R2.5 outside of the Rural Centers.

Please consider Slow Food Southwest Washington's position statement on the Comprehensive Plan and conserve farm land and strengthen the farm economy.

Sincerely,

Bill Baumann
