Parcel No:

Subject: 2016 Growth Mgmt Plan

Comments:

After attending several public meetings regarding the 4 proposals. I urge council to consider adopting Plan#1. We live on 55 acres, zoned AG 20, even though it would be nice if other family members could build their homes on the land, it would effect the purpose of the land (which is ag). I do not agree with breaking down parcels to 1 and 5 acres and calling it "rural". There seems to be a development frenzy and my concern is what is left for our future generations. Let's be conservative on this LIMITED resource, and creative in other ways for job growth and housing to meet the increase need of the population.
