Please support alt 4, there is a shortage of affordable housing in clark county our youth are being forced to look elsewhere for affordable homes we have to grow within if we want to have housing for the future , infrastructure will come with the growth if we prepare for it, doing nothing is not responsible planning, there is no affordable low income housing now hence more and more homeless. We are rural people and 1, 2.5 and 5 acres are plenty for rural living , big farms are a thing of the past for clark county ,unlock the lot sizes and support alt.4 .
Thank you for your service.
