Dear Board of Commissioners,

Thank you for holding a public hearing, and verifying data to make sure it is accurate and up to date. Below is the notice for the hearing last week.

On Oct. 13 I asked what information citizens could testify on and was told comments on the GM plan overall would be accepted.

I asked if comments on the alternative 4 could be made. Staff replied that I could make comments on alternative 4, but they would not be added in the record. I did submit comments in support of alternative 4, and hope it made it into the record since I heard others comment on aspects of the various alternatives.

It concerns me that staff would eliminate certain comments and accept others, since comments were to be sent to staff.

Perhaps it would help if residents were provided the board email so that they are certain to get all the input.

Also, when I got to the hearing, I learned that comments were accepted until 9 AM. However, there is not indication about that early deadline in the notice below. For future hearings please consider

- 1) Including the board email
- 2) Making it clear that input on the GMA and alternatives will be considered.
- 3) Sending timely announcement notices about the hearing and perhaps include all local papers for public hearings or press releases, Reflector, Columbian, and Camas-Post Record.
- 4) Accepting public input up until the time of the hearing, as it is this time that is prominent in any announcement about a public hearing.

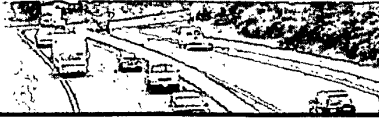

Thank you. Margaret Tweet.
