The crucial need to get it right – zoning your property for the future:

As we strive to work together as best we can for the most prosperous future of our community, we will sometimes disagree on choices.

“Parliamentary courtesy and decorum shall be maintained at all times during meetings of the Board of Councilors.” – Our Rules of Practice

We each care deeply about the future of our community because we care about people. Yet that passion must not be expressed with temper tantrums, scorn, or harsh words.

Our county business must be conducted with respect, civility, good manners, and suitableness of speech.

We’ve got a lot of work to do as a team. Our 20-year Comprehensive Plan update is critically important. Good enough is not good enough. We owe citizens a great future.

Much work is being done to find and fix obvious errors, correct unrealistic assumptions, apply the insight provided by citizens and professionals, show our evidence based work, and ensure that our process and legally defensible outcome comply with state law – so the citizens of our community can prosper and thrive.

I introduced two draft documents in our October 20 meeting that reveal some of the problems uncovered and some potential fixes here:

http://clark.wa.gov/.../102015R_PopulationForecastCorrection...

and here:

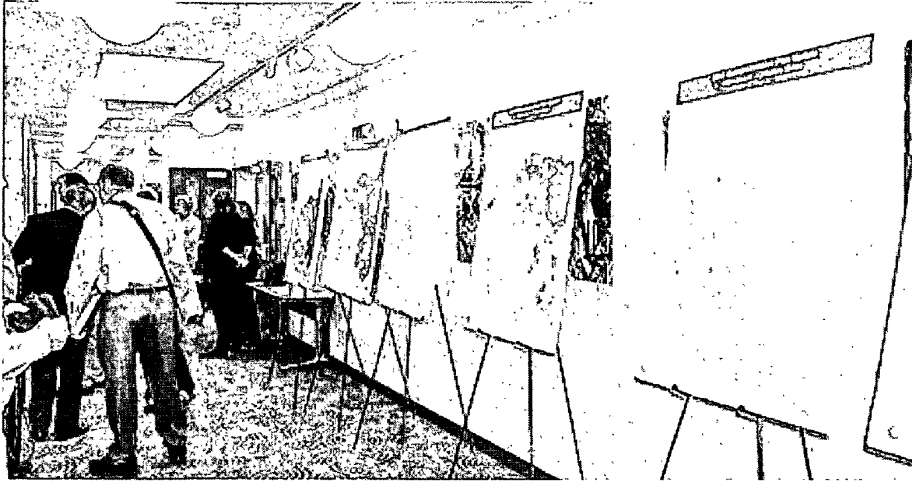

<http://clark.wa.gov/.../documents/102015Alternative4Update.pdf>

We are pursuing the most straight forward solutions that can be incorporated while retaining our forward momentum simply and easily.

It’s your land. It’s your plan. It’s you that we are to serve with honor, respect, and diligence. More public process will be scheduled between now and November 24 when we plan to propose the final plan for our community.

Please do your part to urge your friends and neighbors to write in Liz Pike for County Council Chair and turn in their ballots by Tuesday. We need another pro-citizen pro-business faithful representative of the people to help us. Will you please spread the word?

Your prayers would be appreciated as we strive to do our best in your service. Thanks

County Council pushes back Comp Plan vote

The Board of Clark County Councilors pushed off a vote last week to select a preferred alternative to the county's Comprehensive Growth Management Plan; which is the next step in the process of choosing a final update to the plan.

Joe Maurer Why not let it all simmer until January when the new County Government goes into action. In any event, I too am looking forward to your defeat.
