Oliver,

Audubon's concern for birds and other wildlife, as well as other environmental issues, is why we are following the progress of the update of the growth management plan. We are worried about the direction the county is going, especially the process. Therefore, I am requesting that Audubon be given a seat at the table Monday afternoon. I would be Audubon's representative. Thank you for your consideration.

Gretchen Starke  
Vancouver Audubon Society,  
Conservation Chair
