Subject: Comp GM Plan update

Comments.

I watched you on CVTV through the many hours you've put in. Unlike CCC mtgs, yours are cordial, professional, and don't have an undercurrent of something bizarre. Thank you for being what we expect of county government.

I favor #1 or #3. Definitely not #4. I want to plan for generations ahead so that they still have land, water and air. The GMA is protective and should remain so. You are pros and will know how to meet the needs of business, farms and other landowners without draining resources and ruining the environment. Taxation, services to these areas and the public good - I know you already know. Thank you for your service.
