Subject Comprehensive Plan Update

Comments.

I strongly oppose the adoption of ALT 4 or any of its several variants for a number of reasons, but in particular the additional tax burden which will be imposed upon all county taxpayers by the need to extend and pay for the additional services and infrastructure which are inevitable under Alt-4.

That those who would benefit most from Alt-4 are dependent upon those who would benefit least to pay for the necessary extension of services is as unfair as it is offensive to the spirit and intent of the comprehensive planning process.
