Subject: No on Alternative 4

We are already as taxpayers paying fees/taxes to cover the costs of penalties assessed for the County's failure to comply with the Clean Water Act. I do not want to see us having to pay for the inevitable litigation costs for defending Alternative 4 or any of its versions. The public process has been a moving target and the end result if Alternative 4 is implemented will be to destroy what's left of rural Clark County. Stay with Alternative 1
