My top priorities are

1. Conversion of most Agricultural zoning to Rural
2. Minimum Rural parcel size of 2 acres except in cluster subdivisions
3. No Rural zone requiring parcel size greater than 5 acres
4. Remove all parcels from 80-acre Forest zone that are not owned by industrial forest companies
5. Reduce 40-acre Forest zoning to 5 or 10 acres
6. Allow cluster subdivisions in 5 or 10 acre Forest zoning and in any remaining Ag zoning
7. Allow segregation, rather than subdivision, of land where all parcels created are at least 5 acres (same as it was prior to 1993)

Thanks to you and Susan for doing so much work. You two are truly amazing
