Subject: FGNA GMA Alternative 5 meeting

We need to talk! FGNA meets this Thursday, December 10 at 7pm in the meeting room at the Community of Christ church (400 NE 179th Street)

Here's why On November 24 by a 2-1 vote, the Clark County Council advanced Madore's Alternative 4 to the next steps required for approval of our 2016-2035 county growth management plan. That includes a Final Supplemental Environmental Impact Statement and a Capital Facilities Plan (how we pay for growth)

But then on December 1, by a 2-1 vote, the Clark County Council approved revised planning assumptions, policies and land use for our update Doesn't that make Madore's second alternative actually number 5? Many reasonable folks think that should take us all the way back to Square One Regardless, forget about all that you have previously heard and seen about what and where and why our future growth will unfold.

All these recent, rapid, dramatic and unexpected changes have kept me at my keyboard for too long trying to write a current status report for our monthly newsletter

Here it is Now I am going to get some sleep!
