**KJ Hinton** David, the Three Stooges don't care. They have an agenda, they're owned by the leftists and downtown mafia, they will not listen (After all, Olson doesn't represent a DISTRICT, oh no SHE represents the "Assessor, Treasurer, Sheriff, Auditor, as well as the 'finance team' ") and what we say will make zero difference to those people.

**Anna Miller** In 1994 Clark County Citizens United took the County to court to restore private property rights. They won that case, but not the battle. Since that time the direction of the court has been ignored. Rights were not restored and the wrongs were not corrected. Now, after all these years, Alternative 4 is being offered as a means to right that wrong. But, it is in jeopardy unless the Clark County Councilors hear from private property owners in a strong and united voice. Please consider attending this important meeting. Its now or never.
