Sharon

We reviewed the CFP and don't see anything that needs changed. I did update a couple of the statistics.

Thank you,

Subject: ACTION REQUIRED - Clark County Capital Facilities Plan

Good Afternoon David,

On Tuesday, February 23, the Board of County Councilors selected their preferred alternative for the Comprehensive Plan Update. Compared to the existing Comprehensive Plan, the most meaningful change is the potential 1,000 lots added to the rural area, implementing Alternative 2. This preferred alternative plans for less population in 2035 (577,431) than the county did for the 2004-2024 Plan (584,310).

The next step for our update process is to review and revise the Capital Facilities Plan (CFP) for the period 2015-2035. The CFP demonstrates how and when services will be provided to support future growth as envisioned by the 20-Year Plan, and how they will be paid for. The attachment documents how your services were planned for in the existing CFP.

Please review the attachment and make revisions using Track Changes to be consistent with your current plans or additions necessary to support the BOCC's preferred alternative.

The state requires us to have an adopted plan by June 30, 2016. Because of this extremely tight deadline, we are asking for your expedited review and revisions by **Wednesday, March 9th**.

Please let me know if you have any questions.

Sharon Lumbantobing
