<tr>
<td><strong>12.0 County-wide Planning Policies</strong></td>
<td></td>
</tr>
<tr>
<td><strong>12.0.1</strong> Community Comprehensive Plans shall contain an annexation element. In collaboration with adjacent cities, towns, and Clark County, each city and town shall designate areas to be annexed. Each city and town shall adopt criteria for annexation and a plan for providing urban services and facilities within the annexation area. Policies for the transition of services shall be included in each annexation element. All cities and towns shall phase annexations to coincide with their ability to provide a full range of urban services to areas to be annexed.</td>
<td>No change.</td>
</tr>
<tr>
<td><strong>12.0.2</strong> Developing areas within urban growth and identified annexation areas should annex or commit to annex to adjacent cities in order to receive a full range of city-provided urban services. Unincorporated areas that are already urbanized are encouraged to annex to the appropriate city or town that provides the urban services. Incorporation of new cities and towns is a legal option allowed for under Washington law. Incorporation may be appropriate if an adequate financial base is identified or annexation is impractical.</td>
<td>No change.</td>
</tr>
<tr>
<td><strong>12.0.3</strong> The county shall encourage and support annexations to cities and town within Urban Growth Areas if consistent with the policies contained within the annexation element.</td>
<td>No change.</td>
</tr>
</tbody>
</table>
| **12.0.4** No city or town located in a county in which Urban Growth Areas have been designated may annex territory beyond an urban growth area. | 12.0.4 No city or town located in a county in which Urban Growth Areas have been designated may annex territory beyond an urban growth area.  
_Rationale: redundant wording._ |
| **12.0.5** An inter-jurisdictional analysis and process which assesses the fiscal and other impacts related to annexation on the county, | 12.0.5 An inter-jurisdictional analysis and process which assesses the fiscal and other impacts related to annexation on the county,
the city or town, and special purpose districts shall be developed consistent with policies contained in the annexation proposal.

GOAL: The county supports annexations that are in compliance with the annexation statutes of RCW 35.13 and hopes to establish the orderly transition of unincorporated area within the urban growth boundary from county jurisdiction to the appropriate municipality, either through annexation or incorporation, if and when either should occur.

Rationale: Legislative requirement.

**GOAL:** The county supports annexations that are in compliance with the annexation statutes of RCW 35.13 and hopes to establish the orderly transition of unincorporated area within the urban growth boundary from county jurisdiction to the appropriate municipality, either through annexation or incorporation, if and when either should occur.

Rationale: Simplifies language.

12.1 Procedures
12.1.1 Develop, in cooperation with the cities, a standard system or process to assess each proposed annexation. At a minimum, the following issues should be addressed:

- preservation of natural neighborhoods and communities;
- use of physical boundaries, including but not limited to bodies of water, highways, and land contours;
- creation and preservation of logical service areas;
- prevention of abnormally irregular boundaries; and
- transition of services such as public safety, parks and recreation, transportation and utility services.

Rationale: Process developed.

12.1 Procedures
12.1.1 The county will use a standardized system Develop, in cooperation with the cities, a standard system or process to assess each proposed annexation. At a minimum, the following issues should be addressed:

- preservation of natural neighborhoods and communities;
- use of physical boundaries, including but not limited to bodies of water, highways, and land contours;
- creation and preservation of logical service areas;
- prevention of abnormally irregular boundaries;
- transition of services such as public safety, parks and recreation, transportation, and utility services.

Rationale: Simplifies language.

12.1.2 Each city or town shall provide the county with its plan and timeline for annexations and, if applicable, any triggering mechanisms or thresholds which would initiate annexation.

No change.

12.1.3 Public information shall be provided jointly or individually by both the county and the annexing jurisdiction so that residents have adequate information.

No change.

12.2 Policies

Policies regarding the interface between urban development and annexation vary based upon two factors: (1) whether sewer and water services are provided by a city and (2) whether the urban growth area at issue is characterized or adjacent to an area characterized by unincorporated urban

Annexations will be analyzed based on Policies regarding the interface between urban development and annexation vary based upon two factors: (1) whether sewer and water services are provided by a city and (2) whether the urban growth area at issue is characterized or adjacent to an area characterized by unincorporated urban.
growth.

12.2.1 Properties not within or adjacent to areas characterized by significant unincorporated urban development that are or will be served by city provided urban services including but not limited to sewer and/or water should annex to the city providing such service(s) prior to urban development. These properties include areas around the smaller cities and towns and the Fisher Swale area between Camas and Vancouver and the Fifth Plain Creek area of the east Vancouver UGA. In the event that annexation petitions are not processed and approved within the statutory timeframes by the petitioned city, properties within these areas may undergo urban development while unincorporated.

Rationale: House Bill Report ESSB 5808

12.2.2 Properties within or adjacent to areas characterized by significant unincorporated urban development that are served by urban services including but not limited to sewer and water may undergo urban development while unincorporated. It is contemplated that annexation to the city, if the city is providing such service(s), will occur over time and will be supported by utility extension annexation covenants. These properties include the areas such as Orchards and Barberton.

Rationale: Clarifies annexation requirements

12.2.3 Properties within or adjacent to areas characterized by significant unincorporated urban growth that are not and are not likely to be provided by a city, may undergo urban development while unincorporated as long as adequate urban services including but not limited to, sewer and water are provided by special purpose districts. Whether or not these
areas are ultimately annexed or incorporated is a decision for the property owners and the electorate of such an area. These properties include those located in the Three Creeks Special Planning Area.

### Rationale: Three Creeks Special Planning Area is no longer specifically mentioned in Vancouver’s UGA.
