Dear Mr. Thorpe

We want to thank you and your firm for the work you did for Clark County relating to the vetting of planning assumptions from Alternative 4 B for the preferred alternative for the SEPA review work related to our comprehensive plan update. Your work was very helpful to the Board of County Councilors in the discussions and final decision on the preferred alternative. We appreciate the work that was accomplished in a compressed time period and also the professional and objective nature of work products.

By this letter, the county is terminating its contract with R W. Thorpe & Associates. If you have any questions about this, please contact Oliver Orjako or Gordy Euler, Community Planning, at 360-397-2280.

Again, we thank you for your assistance with the Clark County comprehensive plan update process.

Sincerely,

Mark McCauley
County Manager
