Good morning Chris

We have a copy of Mrs. Levanen's testimony. We also have a copy of the Western Washington Growth Management Hearings Board Final Decision and Order Case #07-02-0027.

We have no idea of what she is talking about because the reading of the Final Decision and her testimony appears not to correlate. We provided the Final Decision and Order to Mark McCauley to share with Councilors Olson and Stewart because they expressed interest in seeing the document. Staff would also index her testimony. Thank you.

Best,

Oliver

Good morning,

I asked Rebecca Tilton to forward to me Carol's written testimony from Tuesday, and thought you might find it interesting if it hadn't come your way yet. What on earth is she talking about?

Chris
