Quick to spend, slow to save – getting it backwards

Today was another bipolar day for the Clark County Council All that work over the last 3 years of finding savings, lowering costs, paying off inherited debt, improving county services, paying cash for major improvements, and building cash reserves – is systematically being undone

Supplemental budgets are for making minor corrections for unforeseen needs in an already approved 2-year budget Major new expenditures are supp See More

The corruption surrounding the CRC extended up the chain of command all the way to the Obama Administration that replaced the top level West Coast leaders of the Coast Guard who refused to compromise the 100+ year core mission of protecting America's navigable waters

Here's an example of a text message from my iPhone in response to a current public records request His personal contact information has been redacted Click to enlarge

 Clark County News & Views
 David this is Randy Overton, previously the Coast Guard Bridge Administrator in Seattle I am still in the CG Bridge Program but I have relocated to Miami primarily because of the CG's disastrous handling of the CRC project. I'm writing today to find out if you are aware of any action Clark County or the State of Washington may be taking against the CG for issuing a permit for the CRC. From what I have reviewed from the CG Headquarters the permit was issued completely contrary to normal agency practices. If Clark County or the State of Washington wishes to bring action against the CG I am available and willing to assist in anyway possible please feel free to call email or text anytime. My contact information my Cell phone my home email
 Randall

Randy, thank you for contacting me and for the integrity that you bring to your work. No need to reply.

 5 David is truly a servant of the people. He is a rarity among elected officials who actually listen to the voters and keeps them in mind in all he does. I wish we had more like him representing us.
