Comments: We are currently zoned ag 20. On all 4 sides of our property there are small acreages between 2 1/2 and 10 acres. We feel it is very unfair that just because we did not divide our property before 1996, we are no longer able to do it. When a property is zoned ag 20 and there are smaller acreages on all 4 sides, that should be taken into consideration when looking at zoning changes. Our family had to sell a 20 A piece for the same price as a 5 acre parcel because of the zoning. This is very unfair and discriminatory.
