Lucy Krantz, Friends of Clark County

To: The Board of County Councilors
The County Planning Commission
The Department of Community Planning

Councilors and Commissioners:

Thank you for the opportunity to give input for the Growth Management process and consequences of the Preferred Alternative in particular.

The Friends of Clark County have some questions on the tax effects of the Preferred Alternative. The countywide nature of the changes will affect some citizens who have no knowledge that the changes are happening. Others will not know the nature of the consequences of the Preferred Plan. There may be some surprises in store.

The Friends of Clark County are concerned about the effects of the rezoning of the rural and resource land on property taxes.

Please ask the County Assessor to answer the following three questions:

What are the effects of the zoning changes on property taxes for:

Those who divide

Those who do not divide

Those who have current use permits

Again, thank you.

Lucy Krantz
