**Subject:** Re: Court of Appeals Remand, Division II, NO. 22164-1-II

Councilors As per Councilor Madore's request, Carol Levanen has recently forwarded the Published Opinion from the Court of Appeals

Very pertinent language is to be found on Page 7

"It is ultimately for the court to determine the purpose and meaning of statutes, even when the court's interpretation is contrary to that of the agency charged with carrying out the law "

Thank you for your every consideration,
