Thanks for sending this along. We have posted lengthier answers on the Comp Plan website, <https://www.clark.wa.gov/community-planning/plan-adoption>, under 'June 2, 2016 PC Hearing materials'. Also posted are a number of supporting documents. Please take a look to see what is there.

Thanks

Gordy

Subject: RE: Questions.docx

Below is current response on these issues

- 1 Can the county exclusively expand the UGA without the authority of the city council? **YES.**
- 2 Has the county complied with all of Judge Poyfair rulings? Put a legal case chronology together regarding Poyfair. Assemble documents including McDonald. **AS PREVIOUSLY DISCUSSED WITH MARK McCAULEY, I AM NOT ADDRESSING THIS ISSUE.**
- 3 GMA requires the county to accommodate the foreseeable growth. What are the consequences if we fail to meet that? Can counties fully planning under GMA use non-OFM population numbers? **ADDRESS IN ANNUAL UPDATES.**

4 Can the county remove the second house under hardship? Can we remove the provision of a guest house not to have a kitchen? Provide Chapter 18 history
I HAVE SEEN YOUR PRIOR ANALYSIS ON THIS AND I DO NOT BELIEVE THERE IS MORE FOR ME TO ADDRESS. LET ME KNOW IF YOU THINK I NEED TO WEIGH IN.

5 If we provide for ADU in the rural area and provide an opportunity to increase density, would this action require an additional environmental review?

WILL CONSIDER FURTHER IN LIGHT OF CURRENT SEIS.

6 Prepare to address water rights, instream flow – exempt apply if you have inflow issues - court case in 2015?

I CAN DISCUSS GENERALLY, BUT THESE ARE FACT SPECIFIC INQUIRIES BASED ON SPECIFIC INSTREAM FLOW RULES. ARE ANY BASINS IN COUNTY CLOSED TO WITHDRAWALS, SUCH AS IN SKAGIT AND KITTITAS?

Frankly, some of these issues may not lend themselves to responses that would potentially expose the County to liability
