Subject: PowerPoint Presentation: CMP Preferred Alternative

David-

As per request, here is the ppt. After I sat down from the pitch, it struck me I didn't go over the mix of Alternatives inside the Preferred Alternative--this is slide #6. That's disappointing; I thought it to be a key slide emphasizing that the bulk of the Preferred Alternative is actually Alternative 1.

Feel free to use this any way you see fit.

Thanks,
Don

councilors chose not to come, and CCCU will assume the reason is because they were not able to come. Nonetheless, it is important that the councilors hear exactly what these people have to say and consider the information in their decision making.
